

# VICTOR LAITILA

## SOFTWARE ENGINEER

Helsinki | [vclait@gmail.com](mailto:vclait@gmail.com) | +358 44 363 3883 | [linkedin.com/in/victorlaitila](https://linkedin.com/in/victorlaitila)

Results-driven software engineer with strong full-stack experience in large-scale industrial software and modern web systems. Proven ability to deliver production-quality features in fast-moving, evolving environments. Backed by a strong academic foundation with top-tier GPAs and hands-on experience across the full software development lifecycle.

### PROFESSIONAL EXPERIENCE

- Software Developer - ABB Oy** 05/2023 - Present
- Closed 250+ tickets across bug fixes, feature development, and refactoring in a large-scale industrial software product (Drive Composer 3)
  - Delivered production-ready features using Vue, TypeScript, C++, Azure DevOps and Git
  - Improved system performance, maintainability, and overall quality while reducing technical debt
  - Designed software architecture and authored comprehensive technical documentation
  - Delivered regular feature demos to stakeholders, accelerating feedback and alignment
  - Worked in an international, SCRUM-based software team requiring close cross-functional collaboration
- Software Developer - Teonos Oy** 05/2022 - 03/2023
- Developed and maintained core functionality in an online booking system (Slotti)
  - Implemented front-end features using Vue, TypeScript, AngularJS, Git and GitLab
  - Contributed to a major refactoring effort, reducing technical debt and improving system performance and scalability

### EDUCATION

- Software Engineering (M.Sc.) - Aalto University** 09/2024 - Present
- Minor in Machine Learning, Data Science and Artificial Intelligence
  - Relevant coursework: Software Engineering, Software Design & Modeling, Software Architectures, Cloud Software & Systems, Software Testing & Quality Assurance, various programming courses
  - GPA: 4.90/5.0
- Automation and Robotics (B.Sc.) - Aalto University** 09/2021 - 05/2024
- Minor in Computer Science
  - GPA: 4.83/5.0

### SKILLS

**Frontend:** React, TypeScript, Vue.js, AngularJS, CSS, Tailwind CSS

**Backend:** Node.js, Python, C/C++, Scala, Java, SQL, NoSQL

**Cloud & CI/CD:** Docker, Azure DevOps, Google Cloud, Git, GitLab, Terraform

**Engineering Practices:** Agile Development, Software Architecture, Software Testing

**AI:** Efficient in applying AI tools to enhance productivity in code generation, refactoring and debugging

### ADDITIONAL INFORMATION

- Languages:** English (Fluent), Finnish (Native), Swedish (Native)
- Courses:** Reserviupseerikurssi - RUK 257 (2021)
- Honors/Awards:** Scholarships for good academic progress (2017, 2018, 2022, 2023, 2024)
